Area of Interest

UI/UX Design
Mobile App Development
Data structures

Akshaya Venkatraman

Aspiring Engineer

A technology enthusiast and a quick learner with a great interest towards learning new skills and exploring more technologies,seeking a challenging environment to work,learn and add value to the organisation.

Projects

Login page using Python

This project involves creating a registration form using Python tkinter library.The form collects basic user information,including name,email id,address,contact number.Upon submission,the form displays a confirmation message to the user.

Hotel management-DBMS

A Hotel Management system using Python and SQLite.It enables easy guest management,including adding guests,quering their details and tracking upcoming check-outs.This integration showcases the synergy between Python's simplicity and SQLite's reliability for small scale database tasks.

Portfolio -HTML CSS

Created a personal portfolio website using HTML and CSS to showcase my skills and projects. Implemented a responsive and modern design, ensuring compatibility across various devices and browsers. Enhanced user experience with interactive elements and clean navigation.

NPTEL Certifications

- Cloud Computing
- Introduction to Internet of Things
- Introduction to Industry 4.0 and Industrial Internet of Things
- Privacy and Security in Online Social Media

Online Certifications

- Infosys Springboard -DBMS
- Scalar-DBMS Course-Master the Fundamentals and Advanced Concepts
- JAVA For Beginners-Udemy

Online Internships

- Full Stack Development -Web Stack Academy
- Web Development-CodSoft(Ongoing)

Achievements

- Participated in Mapathon
- Participated in Intra College symposium-HITECH FEST 2K23
- Participated in coding events conducted by other colleges
